

MULTI-LEAD MEDICS

12 Lead ECG Interpretation

for Acute & Critical Care Providers

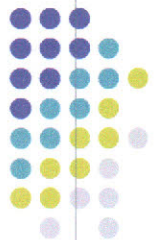

Presented By Bob Page, AAS, NREMT-P, CCEMT-P, NCEE

If someone told you that you could take a 12 lead class and have fun, Would you believe them?

**August 15, 2009
8a.m.-4:30 p.m.
Owen Valley High
School Auditorium**

Presented By Bob Page, Author of the book 12 Lead ECG for Acute and Critical Care Providers, this day long , motivating and interactive course on 12 lead ECG includes proper lead placement, axis and hemiblock determination, bundle branch blocks, differentiating wide complex tachycardia and myocardial infarction recognition. Workbooks, practice problems and useful charts for field use will be included. You will also read and learn from many 12 lead ECGs to gain both experience and confidence.

Missouri's Most creative instructor award: 2009

Missouri instructor/ coordinator of the year : 2001

Colorado Symposium: faculty of the year: 2006

If you are looking for continuing education hrs and to have a great time learning, this class will exceed your expectations. This class is well suited for any healthcare provider from Doctors and Nurses to Emergency Medical Technicians. This class will provide you with the tools to become a leader in 12 lead interpretation and never attempt to diagnose from lead 2 again. Owen County EMS is proud to host Bob Page and assist others in becoming leaders in ECG interpretations.
